

SCREENING TOOLKIT for ISLAND OF WARRIORS

INTRODUCTION

Thank you for your interest in hosting an *America By The Numbers with Maria Hinojosa* screening in your community. This screening toolkit provides information about the series as well as some hints for planning your screening event.

The Futuro Media Group, the makers of *America By The Numbers with Maria Hinojosa* (ABTN), is thrilled that our series is being broadcast on WORLD Channel and PBS stations nationwide. ABTN's 8 episodes focus on the dramatic demographic shifts that are taking place in this country and explore underreported stories from every corner of the nation, revealing the human face and local phenomena behind the biggest population change in U.S. history. *America By The Numbers* investigates these dynamic developments using a combination of infographics, statistical analysis, sense of community, in-depth reporting, and compelling storytelling with anchor and executive producer Maria Hinojosa.

In addition to making these stories available through multiple public broadcasting distribution sources and online, the Futuro Media Group is also deeply committed to community engagement and using the ABTN programs to foster dialogue and community change.

ABOUT THE EPISODE

ISLAND OF WARRIORS

By the numbers, some of the country's most underserved veterans

<http://www.pbs.org/wgbh/america-by-the-numbers/episodes/episode-102>

Pacific Islanders serve in the U.S. military in disproportionately high numbers, and have suffered the highest casualty rates in the wars in Iraq and Afghanistan. We visit Guam, a U.S. territory in the Pacific, to speak to some of the island's veterans. The men and women here are American citizens and serve in our country's military at a rate three times higher than the rest of the country. We explore why Guam's returning veterans say they can't get the healthcare they need.

BY THE NUMBERS

- 2.6 million Americans have been deployed in the wars in Iraq and Afghanistan since 9/11. More than half struggle with physical or mental health problems stemming from their service, and as many as 1 in 5 suffer from post-traumatic stress disorder, or PTSD.
- The men and women of Guam are U.S. citizens who serve in the military at a rate that's three times higher than the rest of the us.
- In the wars in Iraq and Afghanistan, Pacific Islanders have the highest rate per capita of casualties and deaths.
- As many as 1 in 8 adult Guamanians is a veteran—among the highest rates of all the states and territories.
- In 2012, Guam ranked dead last in medical care spending per veteran by the U.S. Department of Veterans Affairs, or VA.
- The U.S. military occupies almost 30% of the island.
- On the mainland, there are twice as many VA mental health professionals per capita than in Guam.
- Guam's poverty level is about 50% higher than the national average, and unemployment is almost double.
